Taytay, Rizal 1920, Philippines | tanaquinmike@gmail.com | +639061395059 | [LinkedIn](#)

PROFILE

Front End Developer with hands-on experience building responsive, user-friendly web interfaces using NextJS, ReactJS, and JavaScript. Experienced in translating UI designs into functional components, collaborating with design teams, and improving cross-browser compatibility and front-end performance to deliver polished web applications.

AREAS OF EXPERTISE

- NextJS
- ReactJS
- JavaScript
- Laravel
- Responsive Web Design
- User Interface Development
- Performance Optimization
- PHP
- Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Front End Developer, StunnerYPP Corp. **Nov 2024 to Present**

- Develop user-facing web application interfaces and reusable components using Next.js, React, and JavaScript.
- Translate visual mockups into responsive, functional front-end code in close collaboration with design teams.
- Improve cross-browser compatibility through iterative testing and front-end refinements.
- Optimize front-end performance to deliver smoother, more consistent user experiences across web pages and components.

Software Engineer, CCK City Network **Aug 2023 to Nov 2024**

- Supported the development and maintenance of PHP/Laravel software systems across the application lifecycle.
- Implemented, debugged, and tested features to improve application reliability and stability.
- Collaborated with team members to deliver client-aligned enhancements and new functionality.
- Resolved issues and refined existing code to keep releases stable and maintainable.

EDUCATION

University of the East, Manila **Jun 2015 to Dec 2020**

Bachelor of Science in Electronics and Communications Engineering
